

## USCIS Issues Redesigned Green Cards and Employment Authorization Documents

Release Date: April 19, 2017

**WASHINGTON** – U.S. Citizenship and Immigration Services today announced a redesign to the Permanent Resident Card (also known as a Green Card) and the Employment Authorization Document (EAD) as part of the Next Generation Secure Identification Document Project. USCIS will begin issuing the new cards on May 1, 2017.

These redesigns use enhanced graphics and fraud-resistant security features to create cards that are highly secure and more tamper-resistant than the ones currently in use.

The new card designs demonstrate USCIS' commitment to continue taking a proactive approach against the threat of document tampering and fraud. They are also part of an ongoing effort between USCIS, U.S. Customs and Border Protection, and U.S. Immigration and Customs Enforcement to enhance document security and deter counterfeiting and fraud.

- ✓ Display the individual's photo on both sides;

- ✓ Some Green Cards and EADs issued after May 1, 2017, may still display the existing design format as USCIS will continue using existing card stock until current supplies are depleted. Both the existing and the new Green Cards and EADs will remain valid until the expiration date shown on the card.

#### How to tell if Card is valid:

- ✓ Some Green Cards and EADs issued after May 1, 2017, may still display the existing design format as USCIS will continue using existing card stock until current supplies are depleted. Both the existing and the new Green Cards and EADs will remain valid until the expiration date shown on the card.
- ✓ Certain EADs held by individuals with Temporary Protected Status (TPS) and other designated categories have been automatically extended beyond the validity date on the card. For additional information on which EADs are covered, please visit the Temporary Protected Status and American Competitiveness in the 21st Century Act web pages on [uscis.gov](http://uscis.gov).
- ✓ Both versions are acceptable for Form I-9, Employment Eligibility Verification, E-Verify, and Systematic Alien Verification for Entitlements (SAVE). Some older Green Cards do not have an expiration date. These older Green Cards without an expiration date remain valid. Individuals who have Green Cards without an expiration date may want to consider applying for a replacement card bearing an expiration date. Obtaining the replacement card will reduce the likelihood of fraud or tampering if the card is ever lost or stolen.
